

Quality Policy

The management of All Star Logistics Ltd is committed to complying with all applicable regulatory and customer requirements through its uncompromising approach to quality, on-time delivery and customer focus throughout the organisation.

Our activities are controlled by a documented Quality Management System (QMS) in accordance with the requirements of ISO 9001:2015. We are committed to complying with the requirements of these standards, as well as our customer requirements, and to the continual improvement of our QMS through;

- The establishment and monitoring of quality objectives at the management review meetings
- Conducting regular management review meetings and taking timely and appropriate action in the event of objectives not being achieved
- Conducting internal system audits, covering all aspects of our QMS, at least annually
- Providing a high level of responsiveness to our customer needs
- Making the necessary resources available to apply this quality policy

All Star Logistics Management communicates the quality policy and the importance of meeting our QMS and customer requirements during new employee induction, training and company meetings. The quality policy is reviewed for suitability during the management review meeting.
